Wingecarribee Moves to Renaissance OPEN STANDARD RFID

Bowral, New South Wales Jo-Anne Shaw, Director of Asia Pacific Operations, announced today that Wingecarribee Shire Council library has signed an agreement to migrate to the EnvisionWare Renaissance OPEN STANDARD RFID system. Wingecarribee is the first public library in the Asia Pacific region to adopt EnvisionWare Renaissance.

The Library had begun conversion of the collection using a proprietary approach. Upon learning of EnvisionWare's new APAC Regional Centre for sales, support, and development, coupled with the Company's commitment to OPEN standards, the Council stopped the encoding to move to Renaissance. Susie Thorpe, Sales Manager for Asia Pacific, processed the signed agreement just hours ago in Australia.

EnvisionWare Renaissance is the premiere OPEN STANDARD RFID and AMH solution for libraries. From high quality tags to self-check/self-service, and inventory to automated returns, EnvisionWare delivers the full suite of solutions for RFID and automated materials handling that blends seamlessly with the Company's complete line of self-service products. With staff experts who are former SirsiDynix developers, EnvisionWare can ensure connectivity beyond simple interoperability. The developers can customize Wingecarribee's Horizon system to take full advantage of EnvisionWare's powerful self-service solutions should any special customer need arise.

Said Rob Walsh, EnvisionWare President, "During my recent trip to Adelaide, I was caught up in the enthusiasm and dedication to customer satisfaction. It's not a unique experience because I see that every day with our staff in the United States. What caught my attention was the harmony and common vision that traverses an ocean. We are a cohesive team of over fifty individuals on two sides of the world, moving together toward the common goal of complete customer satisfaction with the best self-service technology possible."

EnvisionWare is the world's largest supplier of end-to-end self-service solutions. Celebrating the tenth anniversary of EnvisionWare's LPT:One™ print cost management solution, EnvisionWare continues to set the bar for innovation and ease of use in self-service for libraries. All EnvisionWare solutions are designed and priced to fit the needs of every size and type of library. Today, more public libraries use EnvisionWare PC Management products than any other solution.
